When you review my thoughts on pen and paper on this blog know that i personally send a shout out to you. (smile) my perception was that it was more "look alike substance" people on these websites then the people that you encounter on a day to day basis. through it all i wanted to take a chance on coming across someone who's capable of stimulating my mind on all different topics, someone who i could laugh with, someone who's open-minded when it comes to me and my situation. (locked-up) it would be to much for me to ask for your friendship or relationship with you because the truth is that takes time, experience, and commitment. just know that whenever you might be that takes a chance with me my intentions are pure, clean, and comes from my left chest. things that you might wanna know about me that i am a straight shooter. meaning i speak how i feel and mean what i say. i make it my business to treat, embrace, and value the people that come into my life like the person i see when i look in the mirror. and the truth of the matter is i would like to create moments, experiences, and memory's with someone. if your ready

and willing to try someone new then get at me
and lets make it happen. in h'ill Then Fly high
with the eagles! Steve
